Let us walk hand in hand to create a new society, where there is Listening, Forgiveness, Healing, Universal brotherhood, Peace & Fullness of Life!

Respected and Dear parents/guardians,

God is Love. God loves us in spite of our weaknesses and He expects us to love Him, know Him, love the creation, love fellow human beings, to be happy and one day go back to Him. It is because of His Love that we have come into this world. We need to keep reminding ourselves each day that we are all sojourners on earth and a finite being that has a beginning and an end.

As we make our journey, we realize that nothing is permanent except God. This realization drives us to be God-fearing; concern for the fellow-beings, protecting the mother earth and finally leaving behind a good impression.

Yes, dear parents/guardians, we are not masters, but custodians of this beautiful universe that has to be preserved with utmost care. We are here to show affection and genuine love. We are here to impart the most important spiritual and long-cherished cultural and traditional values to our next generation. We are here to leave behind a long-lasting positive impression through our sincere contribution and create a New Society. This New Society is a New Generation that Listens to each other, that Forgives each other, that Heals each other, that looks after the environment, that walks the path of Universal brotherhood, that brings a peaceful and progressive life.

We have been making this contribution through our ministry of education and extra-curricular activities for the past 52 years bringing forth hundreds of efficient and effective stars on earth in the form of doctors, teachers, bureaucrats, advocates, engineers, committed citizens serving the nation in the field of defence ministry, etc.

As we say good bye to the memorable year 2022- 2023, we are at your service once again to carry forward the tradition and culture of our educational institution. You have been very supportive and co-operative in our endeavours for the better all-round result of our children and the progress of our society. The students of St. Peter's Academy brought laurels by excelling in class X and XII board exams. In class X the highest percentage was 99.2 % and in class XII the highest percentage was 98.4 % (in both Science and Commerce stream).

Apart from board exams the students performed extremely well in various National Exams. The school maintained the benchmark it has set, as out of 7 students who cleared NTSE stage I examination, 4 students cleared NTSE Stage II.

Co-curricular Activities:

The students participated in various inter school co-curricular activities like MUN held at Delhi Public School Patiala, Science Exhibition held at Mulatni Mal Modi College Patiala, Shabad Gayan, English Declamation and Bhangra Competition held at Dashmesh Public school, Patiala and won various prizes in all these competitions.

Out Reach Programmes:

The school also organized various outreach programs for the all-round development of the students such as anti-begging rally, legal and justice awareness rally, traffic rules input, blood donation camp and dental hygiene camp. The students also visited old age home and slum areas. Community lunch (Langar) is organized by the school at Rajindra Hospital Patiala on every second Monday of the month.

Educational Tours:

Educational tours were organized by the school to broaden the outlook of the students. Our students went to Kerala, Kanyakumari, Chail, Virasat-e-Khalsa and several other places to have a refreshing experience.

Golden Jubilee Celebrations:

To thank the almighty God and for his constant blessings the school celebrated 50 golden years of its services to the society by organizing the Annual Function – *Luminance* (Light) on 14th November and *Ascoltare* (To Listen) on the 15th November, 2022 with great zeal and enthusiasm. The Junior and Senior Annual Functions witnessed innocence and skill at their best and won accolades.

In this new academic session 2023- 2024, I request you dear parents/guardians once again to walk with us and help us function better so that we may continue to serve you, the tiny children and the society with greater zeal and enthusiasm. As we board the flight of transition and get ready to transcend into a new dimension of progress, it is time to raise our hearts to God and thank him for his bounties. I also extend my heartfelt gratitude to you, my dear parents/guardians, for your unwavering support.
